SOUTHBELT INC.

MADE IN THE USA

READY TO BE PAIRED WITH YOUR CHOICE OF DIESEL OR ELECTRIC BLOWER

1. Our bottom pods are tilted with a special suction line designed to remove all the product efficiently, ensuring no waste and maximum satisfaction.
2. The main supports on the sides of the silo are made from a single piece of solid steel, making it much more stable and extending the silo's lifespan.
3. Higher ground clearance compared to other manufacturers.
4. The retractable ladder allows for easy travel without needing to remove it or increase the pig's width.
5. Safer work platform.
6. Side discharge pipes are attached with adjustable tabs, not welded.
